

## Deco fencing

The prestigious Paramesh Deco fencing mesh system was designed to fulfil the requirements of secure premises by creating a unique and innovative appearance.

Paramesh Deco is the perfect choice for prestigious locations, as it offers the capacity to maintain a high level of security without appearing intimidating. Its sophisticated look is particularly suited for the protection of architect-designed buildings and upmarket residential properties.

Paramesh Deco is available in heights ranging from 1.2m to 2.4m high. The Paramesh Deco specification features a 6mm diameter galvanised wire. The horizontal wires are spaced at 200mm. The vertical wires are 4mm diameter galvanised wires spaced at centres which range from 20mm to 43mm, forming the unique design pattern.

Paramesh Deco features a 'V' Section beam pressed into the panel. This offers exceptional strength and rigidity.

A combination of panel heights may be used to achieve heights in excess of 2.4m by using the multi-lift principle.

Paramesh Deco mesh fencing panels are secured to the posts using a purpose-designed fixing bracket and an M8 tamper-resistant security fixing bolt. The design of the secure fixing permits the mesh security fencing panel to be stepped or raked to suit uneven ground conditions. This also makes the fence a simple and cost-effective choice to erect.

Covert electronic intrusion detection equipment (PIDS) can also be specified for use on Paramesh Deco mesh fencing.

## Innovative British Fencing Solutions

### Autocad Design

Our state of the art drawing office uses the latest in Autocad design ensuring both compatibility and accuracy with your individual site requirements.

### UK Manufacturing

Paramount Steel Fence has manufactured in the UK since 1984. With over 30 years of experience we can provide secure solutions for use in most environments.

### Long Life Cycle

All of our products are designed to provide the end user with years of trouble free service. We offer Galvanising, Pre treated systems, and Powder coating in any RAL colour within our product portfolio.

### National Deliveries

Operating a national fleet of HGV vehicles including rigid lorries and articulated units, ensures we maintain fast and reliable distribution of our products around the UK.

| Fence Height (m) | Panel Height/Width mm | Beams | Post length | Number of fixing points |              |
|------------------|-----------------------|-------|-------------|-------------------------|--------------|
|                  |                       |       |             | Intermediate posts      | Corner Posts |
| 1.2              | 1200 x 3000           | 2     | 1800        | 4                       | 8            |
| 1.8              | 1800 x 3000           | 3     | 2400        | 5                       | 10           |
| 2.0              | 2000 x 3000           | 3     | 2700        | 6                       | 12           |
| 2.4              | 2400 x 3000           | 3     | 3100        | 7                       | 14           |
